

With TISAX (Trusted Information Security Assessment Exchange), the ENX Association supports the joint acceptance of information security assessments in the automotive industry on behalf of the VDA.

The TISAX assessments are carried out by audit providers who demonstrate their qualifications at regular intervals. TISAX and the TISAX results are not intended for the general public.

Hilite International places great importance to the confidentiality, availability and integrity of information.

An assessment is available for the following locations:

- Hilite Germany GmbH, Am Schlossfeld 5, 97828 Marktheidenfeld, Germany
- Hilite Germany GmbH, Weberstraße 17, 72622 Nürtingen, Germany
- Hilite Czech s.r.o., K Zfyu 1088, 720 00 Ostrava - Hrabová, Czech Republic
- Hilite Automotive Technology Co Ltd, No. 70 Xiangyuan Road, New & Hi-tech Industrial Development Zone, Changshu, Jiangsu 215500, China

We have taken extensive measures to protect information. We are guided by the questionnaire on information security issued by the German Association of the Automotive Industry (VDA ISA).

The result can only be accessed via the ENX portal:
